

# BIO TA OIL STAIN REMOVER TARMAC & ASPHALT

## What is Bio TA?

Bio TA is a biological oil stain remover that rapidly removes and digests oil contamination.

Bio TA will not erode or degrade Tarmac or Asphalt surfaces.

100% natural with biodegradable ingredients, Bio TA is safe for the environment and the user.

## Application

To apply Bio TA, shake the container vigorously before application to put the liquid bacteria into suspension. Water wet the oil stain and apply Bio TA neat to the oil stain, brush in and leave for 15-20 minutes before water rinsing clean.

Available pack sizes:  
1L, 5L and 20L

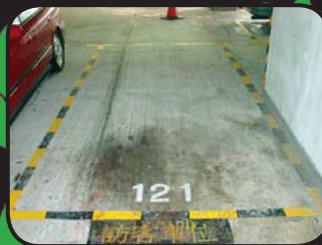

\* Oil stains can degrade Tarmac and Asphalt leaving behind an etched surface which appears as a dark stain - this cannot be removed.

7 reasons to choose

# BIO TA

- 1. 100% Natural**  
Biological solution that digests oil into harmless CO<sub>2</sub> and water
- 2. Powerful and effective**  
Fully removes oil stains
- 3. Versatile**
